

Thrift Savings Plan Video

An engaging animated video about the basics of the TSP — for anyone who wants to know what's new with the TSP.

The newest TSP Video is an excellent way to introduce Federal employees to the basics of the Thrift Savings Plan, or to give current TSP participants an overview of the TSP's newest features.

It can be used for orientation sessions, retirement planning seminars, and even individual viewing.

In an engaging animated presentation, the Federal eagle gives two Federal employees a second chance to save for their retirement.

They learn about Agency Automatic (1%) and Matching Contributions, tax savings, the benefits of starting to save early, compound earnings, and how it can all add up over the years. They also learn about TSP investment choices, loans, roll-ins from other plans, in-service withdrawals, and the portability of TSP accounts after separating from service.

Three VHS video formats and a new CD format are available:

- **Standard Play** — an 11-minute video.
- **Open Captioned** — the 11-minute video, captioned for hearing-impaired employees.
- **Continuous Play** — repeated presentations of the standard video (approximately 110 minutes). For use at benefit and job fairs, and employee gathering places.
- **CD-Rom** — the standard **and** open-captioned versions on one disk for personal computer and MAC users. A great way to introduce employees to the TSP without the need for video equipment or a viewing room. Limited copies of the CD-Rom are available, so e-mail us at **tspvideo@tsp.gov** or call **(202) 942-1650** for availability and price information.
